### What is World Hyperthermia Day?

World Hyperthermia Day is a global event celebrating the therapeutic power of controlled heat in medical treatments. Join us for a unique experience to explore hyperthermia therapy's impact on patient care.

### When?

2 4 J U N E 2 0 2 4

### Where?

GENTING DREAM CRUISE

### Why Singapore

Singapore, known for its cutting-edge medical advancements and vibrant multicultural atmosphere, provides the perfect backdrop for our groundbreaking event. As a global hub of innovation and collaboration, Singapore welcomes participants to a city that seamlessly blends tradition with modernity. The choice of Singapore reflects our commitment to hosting World Hyperthermia Day in a dynamic and accessible location.

The Genting Dream Cruise, departing from Singapore, adds an element of luxury and relaxation to this innovative medical experience.

Celebrating Controlled  
Heat's Therapeutic Power

Why
